

Application to Become an Engineer-in-Residence Engineer-in-Residence (EIR) Program

Thank you for your interest in the Engineer-in-Residence program.

By completing this application, you are registering to become an **Engineer-in-Residence**. The information you provide will be used by the EIR Program Office to ensure the best possible match with a school, and will not be shared with third parties without your permission. You may also register online at www.eir.ca. Just click on “Become an EIR” in the *About EIR* section of the site.

Orientation Session:

Volunteer engineers and their teacher/partners are asked to attend to attend a 1-day orientation session in late September or early October. You will receive more information about this once you have been matched with a school.

Volunteer Reference Check:

The EIR program requires that all volunteers working with children undergo a basic police check. Reference checks are conducted by your local municipal police force. In some jurisdictions, all police stations provide the service, while in others it is available only in the large ones. A phone call to any station or the community relations office will give you the locations. You must go in person, and you will need two pieces of identification.

1. Contact Information:

Your Name	
Professional designation	
License Number in Ontario	
Company Information (if applicable)	
Company name	
Position	
Complete address/postal code	
Telephone number	
Fax number	
Email address	
Home Information	
Address/postal code	
Telephone number	
Fax number	
Email address	

2. Which location would you prefer the EIR program office use?

	<input checked="" type="checkbox"/>
